Dear Mr. Wood:

Thank you very much for your contribution of $10.00 to the Alumni Fund which came to my office today.

I note with a good deal of pleasure that you have found it possible to increase your subscription over that of a year ago. We are trying to give a new stimulus to the meaning and value of the Alumni Fund, and we hope this year to exceed the total amount contributed and the total number of contributors over that of a year ago. Your increase helps us definitely in trying to reach the $40,000 goal set for 1936-37.

Cordially yours,

Theodore R. Jeffers
